Customer Reviews

I did not find it as informative as I thought and especially that I has to pay for it. A waste of money.

Useful if you want to read all the books in order or figure out which book follows which book.

Helpes to read everything in the proper sequence.

Wonderful series of books and storylines.

Dale Brown series reading order of books.

Make sure you do not miss one.

This is a list, in order of the dale brown series of books. I started reading them several years ago and lost track of what the last book was that I read. This list has helped me to pick up where I left off and not buy duplicates of what I have already read. It would be nice if other serial stories published the same type of list, as many of these build on previous books.

not really needed after all can get same info off internet.
