Banjo For Beginners: An Easy Beginning Method

Synopsis

This book teaches everything you need to know to get started playing the banjo. Beginning with tablature reading and basic technique, you'll be guided all the way to reading music and playing great bluegrass classics like Bile That Cabbage Down, Old Joe Clark and Cluck Old Hen. With helpful tips from renowned artists such as Bela Fleck, Alison Brown and John Hartford, this comprehensive beginner's book provides a fun and unique way to get started playing this enjoyable instrument. The CD includes the exercises and songs.

Customer Reviews

Best beginner banjo book I've ever used. If you are teaching yourself, or looking for a book to aide in teaching others this is the book you want to start out on. It's layed out great, easy to read, and has great material. One of the best parts is all the playing and practice advice from other banjo playing legends that is placed through out the book.

Bought as a gift

Decent book

a descent book but still not what I'm looking for. ideally, i want something that gives detailed suggestions on how and when to practice, what to practice and what to expect, realistically, with

regard to progress. Maybe this is something that I'll have to write myself. my guess is that people who write these books think that if they write accurately on how difficult and time consuming learning the banjo can be for some, then maybe they wouldn't sell as many books. Just my thought.

Bought this for my 21 yr old grandson that is teaching himself to play banjo. Never had a music lesson in his life and he's already playing well.
