Customer Reviews

the art was what caught my attention. and the girls look so good and the breakfast club vibe. and when I started it got even better. the crush Chris has on Maggie is adorable and it kind of looks like a clexa modern au so this is even better lol anyway I'm excited about them. and i love that maggie has all these bandaids. the girls are all amazing. and I was so distracted by the story that I didn't even thought about what the secret was and end up surprised, even if it's literally in the name of the story. I'm more excited about character development than fight, but let's see. the only bad part about this is having to wait

I love the art style, its honestly what drew me in at first but now im sticking around for the story and the characters! I highly recommend this comic.

Ahhhh!!! This is literally the lesbian story I've been DREAMING of. A group of cool girls with a RECORD SHOP and SECRETS. I loved all of the character designs and the coloring as well. I am so excited for the rest of the issues!
