Customer Reviews

I buy the Ripley's Believe it or Not book every year for my nephew's birthday. He loves them! Now that he's 13 he has quite the collection. When I asked him if he'd rather start getting something else every year his answer was no. I have it delivered straight to him and I do believe he enjoys watching for it in the mail. He can spend hours in these books!

My 9 year old loves this book. It is filled with fun facts, lots of pictures and color that it makes it really interesting to read. Always a favorite in my family.

I purchased this book because my friend Rhonda Church and her fabulous miniature food jewelry (Etsy store: "NeatEats") are featured on page 92! I showed her page to my grandchildren (ages 6 &

8), which was very exciting to them because "Now we know someone famous!!". Now I let them take turns reading the book while I drive them to school each day. It's fun to hear their exclamations of awe & disbelief and the discussions that evolve from reading about the strange, unusual, and amazing subjects featured. Kudos to the Ripley's staff for producing another winner in their fascinating series. I enthusiastically recommend this book!

Our 7 year old son LOVES this book. He received it as a gift for Christmas and keeps picking it up and reading it again. Plan to buy more of these books for him.

I was at a loss as to what to get my nephews for Christmas. They have too many toys and when they were younger I would get them books. But I was not sure what reading level they were at or what they liked to read. Not only did they like them and actually sit and read them at Christmas but all the adults at the house couldn't stop reading them either. I think we all learned some interesting facts that day!

This book is awesome! My 8 year old is obsessed with these kinds of books and she can't put this one down! I even find myself getting sucked in to it too!

Gift, well received.
