# Learning About Immigration Law

## Synopsis

Learning about Immigration Law, third edition, is the most up-to-date immigration law book available and takes into account all of the changes made in immigration law since September 11, 2001. The text offers real-life examples that make the material come alive for the student and walks the student through the entire background, process, and tools essential for a legal professional's mastery of immigration law. The text is designed for everyone from experienced legal professionals to those who have no formal knowledge of the law. This book also shows the average consumer how to help a friend, neighbor, or family member with immigration law questions or concerns. It assumes no previous knowledge and works as an instructional manual discussing immigration law. There is an Appendix A that provides American Citizenship Preparation guidelines with practice questions and an Appendix B that includes the most common forms used in immigration matters. The text also discusses new procedural and substantive laws with detailed explanations about why these laws were created in the aftermath of 9/11. The text takes a complex subject and breaks it down into simple terms. It makes the immigration law experience up-to-date, complete, and enjoyable.

## Book Information

Immigration

## Customer Reviews

"The organization is great...it is arranged in a practical, chronological manner that reflects the true immigration process...The practice questions are thorough" - Barry Chaifetz, New York Career Institute  
"Best draft I have read in terms of readability, organization, and appropriateness for my

students...the reading level is engaging, a good way of explaining the "whys" of immigration law and practice." - Colleen Reid, Lansing Community College

Constantinos E. Scaros is an Immigration Attorney as well as the Dean of Faculties, Department Chair, Instructor, and In-house Legal Counsel at the Interboro Institute in New York City, NY.

This is a required text for my class so I had no choice about what text was required. I'm very disappointed, especially given the price of textbooks, even through . Thank goodness I didn't pay the full price through college bookstore! It seems more appropriate for a high school civics class. I find it very superficial, not enough substance; it will give me the basics only. I hope that will be enough to be able to get a paralegal position in the field. Hopefully administrators will look harder for a better text, or perhaps a group of readings that offer much of the same material.

great

This is a helpful book. It is really easy to read. The author uses a kind manner to write that catch my attention, and the time flies. I recommend it.

Thank God

description of quality of the book wasn't really the same!! Not happy!!

Other reviews written on this book were right on. The author is very good at breaking down the law of immigration so that even the lay person can understand it. The review questions provided in the material have practical application which actually helps you remember the law in this area.

Helpful

If you have to buy a textbook, it's nice to get it so cheap
