# Why You Suck At Golf: 50 Most Common Mistakes By Recreational Golfers

## Synopsis

Do you suck at golf? Do you know someone who does? While written in a tongue-in-cheek style, *Why You Suck at Golf* is an informative and education manual chronicling the most common mistakes golfers make when playing this wondrous game. From arriving too late for your tee time, to trying to keep your head too still, if there is a common, easily correctible mistake a golfer makes it is in this book. 52 chapters in all, each discussing a mistake and how to correct it. So whether you want to have a little dig at the golfaholic among your friends or family, or serious about eradicating shot-costing mistakes in your game, *Why You Suck at Golf* is a must read. Written by Teaching Professional Clive Scarff, author of the #1 ranked *Hit Down Dammit!* golf instruction book, also available on .

## Customer Reviews

Clive Scarff was born in Toronto and developed a love of writing at an early age. His first "screenplay" was produced and aired on the local cable channel when he was 13. At 14 he and his family moved to Melbourne, Australia, and in high school he was the first ever student to write a one-act play for the school's drama festival. From there Clive returned to Toronto to take Radio and TV Arts at Ryerson University, majoring in writing. This led to a first career, in television production, where he wrote for commercials, ethnic programming, a fishing show, Canada's Gemini Awards, and CTV's Winter and Summer Olympic coverage. In 1994 Clive took a chance to test his mettle in the world of golf, and successfully qualified to become a golf professional. His strength lay with teaching, and that teaching combined with his writing history led the creation of "Hit Down Dammit!" - a golf instructional book that explains the workings of the golf swing as it revolves around the

physical need to hit down - not up - at a golf ball to make it go up, and straight. The success of Hit Down Dammit! opened a lot of doors; Clive now has a syndicated golf column, a series of instructional DVDs, and two more books on golf. Also completed is a screenplay on golf called "Senior Tour" and the pilot for a golf-themed fantasy/adventure show entitled "Mystic Links". Clive resides in the golf mecca of Qualicum Beach on Vancouver Island, in British Columbia, Canada.

Suggested by a friend, this has some practical, down to earth habits to follow to either improve at golf...or at least know why you suck. Most of the ideas I have followed, but there were a few that could be real gems, time will tell, This is a quick, easy read that is somewhat like get razzed by a buddie. Bottomline, you may still suck at golf, but at least you'll have an idea why!

Pretty good informative book! Each chapter goes over a common mistake that golfers make and how to correct it.

The book is brief and presents the basics of why we suck at golf. Humor is added which makes it an enjoyable read.

I knew it was a thin book and as much on humor than real tips but was expecting a little more instruction. Might be okay if you are just starting out but otherwise basic tips everyone should know but don't always follow.

An easy enjoyable read to remind you of all the "mistakes" one can make on a golf course. I look at this book and think of one word - reminders. Humorous at times and it does make some good points on things to remember about the game - strategy (do you have one?), practice, chipping, etc.

This has some great tips for the price of a golf ball. Well worth reading and heeding.

Really good advice to make your playing golf so much more enjoyable. We all have heard a million tips to improve a drive, long iron, chip, or putt -- none of those here. Just short nuggets of wisdom, all easy to follow. Enjoy!

This book covers the most basic issues with playing golf. If this book really made sense to me, I would know that I really wasn't a golfer.
