I am currently the youth director for my church youth group. This first couple of years, I went over

things that I thought teenagers cared about or had concerns about. After doing research, I found this devotional and I love it. The students are given a devotional schedule and we go over anything that they read that week that they found or had interest in. The topics in it, though sometimes are about going to college or finishing high school, could be used by people of any age. It focuses on building relationships with Christ and how to understand the bible in every day life. My youth members always say that making time to read the bible was difficult in their busy life, but reading this devotional and spending a few minutes with God was easy.

I'm a youth minister and for the last 2 years this has been the gift we give to our Confirmation students. I struggle to find good devotion books because they oftendo a poor job with communicating who God is, they're cliché or they come down super heavy-handed with the Law. As a Lutheran, I'm big into the balance of God's Law AND His Grace (Check out Romans and Galatians). This book does a wonderful job of that and it's a great resource to get students into the Word!

I was looking for a devotional tool to assist our students in reading the Bible and providing ways for them to think critically or creatively about Scripture. Many of our students have committed to using this resource each morning and have found it to be extremely helpful. It makes sense to them. I would recommend this book for Middle School students.

It's the Bible

This was recommended by the Senior High pastor at our church, when I asked for a recommendation for a devotional. It really is a nice one! More relevant than others we've had

Great daily. Has quality devos to apply to a teen's time if life. My teen especially enjoys the daily challenges. Very engaging!

Great Christian resource for my youth group. Purchased a case of these and got them in the hands of the kids. It was well received and they still use them regularly.

Great daily devotions featuring plain-spoken analysis and challenges based on daily scripture readings. Aimed at students, but I am an adult and enjoy the direct, clear writing. Recommended!
