Great

I got my barber license back in the 80's but since I also have my cosmetology license I stopped renewing it. I decided I want to retake the test and need the text book which cost like \$80. This was used but in great condition and is actually from the time I went to school. The info is all the same though so why pay for an expensive new one? I got this fast with my Prime membership shipping

and it is in great condition for a nearly 30 year old book!

This was a gift for someone in the trade and they indicate that it is an excellent reference book. The person who received it loves it.

Highly rated
