All Dogs Go To Kevin: Everything Three Dogs Taught Me (That I Didn't Learn In Veterinary School)

Synopsis

ALL DOGS GO TO KEVIN is a humorous and touching memoir that will appeal to anyone who has ever loved an animal or lost hours in James Herriot's classic veterinary stories. You can't always count on people, but you can always count on your dog. No one knows that better than veterinarian Jessica Vogelsang. With the help of three dogs, Jessica is buoyed through adolescence, veterinary school, and the early years of motherhood. Taffy, the fearsome Lhasa; Emmett, the devil-may-care Golden; and Kekoa, the neurotic senior Labrador, are always by her side, educating her in empathy and understanding for all the oddballs and misfits who come through the vet clinic doors. Also beside her is Kevin, a human friend who lives with the joie de vivre most people only dream of having. From the clueless canine who inadvertently reveals a boyfriend's wandering ways to the companion who sees through a new mother's smiling facade, Jessica's stories from the clinic and life show how her love for canines lifts her up and grounds her, too. Above all, this book reminds us, with gentle humor and honesty, why we put up with the pee on the carpet, the chewed-up shoes, and the late-night trips to the vet: because the animals we love so much can, in fact, change our lives.

Customer Reviews

"With humor, grace and a wonderfully deft way with words, she escorts us through the trials of vet school and the ups, downs and surprises of a small-animal practice in San Diego...The tales from the front are engrossing, often amusing, and always well told, but no more so than her stories when there are no scalpels or stethoscopes around...So descriptive and wonderfully unaffected is Vogelsang's writing style, one imagines even her case notes would be interesting reads. If it weren't pretty obvious that she's an excellent vet, we'd probably all be suggesting she quit her day job and turn to writing full-time. 3.5 out of 4 stars!"
•USA Today
"It's really quite trite to say "I laughed, I cried" at this book. I know it is, but I can't help it: that about sums up what I found in All Dogs Go to Kevin. . . . This is also a book about family, friendship, untimely loss, and making dreams come fearlessly true. It contains those behind-the-scenes tales and unique client stories you expect in a book by a veterinarian. We learn an important lesson about new motherhood that's "delivered... by a Golden Retriever." And yes, if you've ever loved and lost a pet (particularly, a dog), this book will make you laugh, and you'll cry. At the very least, for sure, "All Dogs Go to Kevin" will make you SIT for awhile."
•Myrtle Beach Sun News

Dr. Jessica Vogelsang is a veterinarian, mother, and big-time dog person. Dr. Vogelsang worked in

emergency and small animal medicine before settling into her current practice providing in-home hospice care for dogs and cats in San Diego. She is the founder of the website pawcurious.com, and her writing has been featured in or on Yahoo!, CNN, Ladies' Home Journal, People Pets, Outside magazine, and USA Today.
