Germany Midwest Map 543 (Maps/Regional (Michelin))

Synopsis

Michelin keeps its extensive European regional map series current with fresh updates to six German regional maps. Renowned for over 100 years for clear, accurate and easy-to-read mapping, Michelin maps give travelers an overall picture of their route, along with practical road and travel information, to orient them quickly so they can find their way to their destination. The six maps sport a smart, new sturdy cardboard cover for extended durability during travels-- still in Michelin's traditional orange for the regional map collection. The mini-map on the cover aids in selecting the correct map or maps for the journey. Travelers will appreciate the map legend in English, as well as the large-scale city maps and extensive place name index. Michelin's signature map-fold pattern makes it easy to unobtrusively fold back the map to the desired area for easy consulting, and to refold it neatly when finished it reads like a book. For effective trip planning and navigation on the road, turn to Michelin maps.

Customer Reviews

It's a different time, I could not find maps in the auto shops or stores, too much reliance on GPS, I needed the maps as a backup in case my GPS went down, and it did, one stormy night. The maps helped, thanks!

Michelin makes the most reliable, readable maps, and this one achieves its goal by presenting the middle western part of the country in much greater detail than the overall Germany map. Even in

this age of GPS, a good map will save you time and frustration.

This is the typical Michelin folio map for Midwest Germany -- Aachen to Kaiserlautern from North to South covering the Ruhr. The cardstock outer cover is a fantastic design and keeps the map protected. Scale, resolution, and detail are excellent.

good detail, but the numbering of country (Bundesstrasse, Landstrasse) and interstate (Autobahn) routes is difficult to find.

Love these maps. Plenty of detail for planning purposes. Not sure how practical the map would be inside a vehicle while travelling - GPS would be better. Nevertheless, a quality map with the correct scale for trip planning.

Well printed and detailed. 5 stars!

One great map. Could not have made our trip without it.

Highly detailed, easy to fold and use, typical fantastic Michelin Map. Highly recommended.
