Corporations: Examples & Explanations

Synopsis

Examples & Explanations: Corporations is a practical and straightforward guide that has won enduring popularity by demystifying corporate law for students with no business background. Through clear introductions and visual aids, students are able to grasp the rules of corporate law and apply them in context, using the examples.

A leading study guide in corporate law for over 15 years, **Examples & Explanations: Corporations**, now in its Sixth Edition, features:

- the time-tested and class-proven **Examples & Explanations** pedagogy
- clear introductions are followed by questions in the form of examples (or hypos), followed by full and lucid explanations with analysis
- thorough coverage that tracks topics typically covered in a corporations or business organizations class
- statutes and cases presented in context
- examples that illustrate the intersection of law and business
- and highlight the differences between the Model Business Corporation Act and Delaware law
- sensible organization that outlines the principal legal themes of corporate law
- helpful visual aids, such as tables and diagrams
- student-friendly writing style that neatly unpacks the intricacies of corporate law and requires no business background from the reader

Updated throughout, the Sixth Edition includes:

- new cases on shareholder proxy access
- new developments in executive compensation
- new examples of institutional shareholder activism
- new cases on
- duty of good faith, the direct/derivative distinction, inspection rights, and the definition of independent director
- continuing coverage of Sarbanes-Oxley
- revised examples drawn from social responsibility and alternative energy business models

Students struggling to understand corporate law will get more out of their casebook assignments and classroom experience if you steer them toward the help they need. **Alan R. Palmiter's Examples & Explanations: Corporations** is the leading study guide in this area; an authoritative, timely, and student-friendly aid to a more complete understanding of basic coverage, now in its **Sixth Edition**.

Customer Reviews

I generally like the Examples and Explanations series, however "Corporations" is not one of their best. As other reviewers have mentioned, this book focuses primarily on the Model Business Corporations Act and does not include cites to Delaware or other states. Usually, I could find the cites myself, but this added a layer of work when I made my outline. Also, some cases were not explained succinctly in one place--rather, the analysis was spread throughout a chapter and continued through the examples. This was distracting--it was more helpful when the key cases of a doctrine were summarized in one place and then briefly referenced later on. If your class focuses on Delaware you should also beware that there have been several key developments since 2006 that will alter some of the chapters. Other than that, it is hard to beat E&E for a good review of the material and "Corporations" does the job.

Full of jargon and extremely wordy. You almost need a Black's dictionary next to you to understand what's going on. But, if you really stick with the book you'll come out with a fair knowledge of corporations. This book covered a lot more than my 3-credit course covered, so you should come out with some fairly extensive knowledge.

As always, E&Es to the rescue. This was great for corporations and covers all the tough stuff. However, if your class covers partnerships, agency and other associated orgs, you will need the appropriate other book for this as well. That was the only downside as I had to buy both for my

class. Read together, though, they cover it all.

I'm definitely glad I bought this book. It was a really useful supplementary material to the casebook I had and a resource I've consulted since taking corporations in first year.

d

Great study aid.

excellent

haven't had time to study it in depth, i can't write a good review.
