Design For Mental And Behavioral Health

Synopsis

Studies confirm that the physical environment influences health outcomes, emotional state, preference, satisfaction and orientation, but very little research has focused on mental and behavioural health settings. This book summarizes design principles and design research for individuals who are intending to design new mental and behavioural health facilities and those wishing to evaluate the quality of their existing facilities. The authors discuss mental and behavioural health systems, design guidelines, design research and existing standards, and provide examples of best practice. As behavioural and mental health populations vary in their needs, the primary focus is limited to environments that support acute care, outpatient and emergency care, residential care, veterans, pediatric patients, and the treatment of chemical dependency.

Book Information

Paperback: 282 pages

Publisher: Routledge; 1 edition (May 12, 2017)

Language: English

ISBN-10: 1138126365

ISBN-13: 978-1138126367

Product Dimensions: 7.4 x 0.6 x 9.6 inches

Shipping Weight: 1.3 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #375,168 in Books (See Top 100 in Books) #28 in [Books > Medical Books > Psychology > Medicine & Psychology](#) #36 in [Books > Crafts, Hobbies & Home > Home Improvement & Design > Decorating & Design > Professional Reference](#) #116 in [Books > Arts & Photography > Architecture > Project Planning & Management](#)

Customer Reviews

Mardelle McCuskey Shepley, M.Arch., M.A., D.Arch., EDAC, FAIA, FACHA, LEED BD+C is a professor in the Department of Design & Environmental Analysis and associate director of the Healthy Futures Institute at Cornell University. Dr. Shepley has authored/co-authored five books, most recently *Design for Critical Care* (2009), *Health Facility Evaluation for Design Practitioners* (2010) and *Design for Pediatric and Neonatal Critical Care* (2014). To enhance the link between research and practice, Dr. Shepley has worked in professional practice, full-time and part-time, for 25 years. She is founder of ART+Science, design research consultants. Samira Pasha, M.Arch., Ph.D., AIA, LSSGB, EDAC, LEED BD+C, is an architect and researcher at CallisonRTKL,

Washington DC. As part of the healthcare studio team, her work includes programming, planning, and evaluation of healthcare environments ranging from small unit renovations to health campus master plans, including domestic and international projects. Since 2012 Samira has been involved with NCARB intern think tank, AIAS, and District Architecture Center (DAC) as an advocate for integrating research into practice of architecture.

Excellent, comprehensive, user - friendly tool for professionals and people interested in this subject.
Highly recommended!
