## Synopsis

A new threat. An unexpected ally. And a spark of unwanted power. Sophomore year isn't shaping up to be the cake walk that Lucy had hoped. Everyone still hates her. She can't forgive Sam for his secrets. Her father is back and she can't forgive him either. There's been no sign of Hannah, and Lucy can't help but resent her new roommate because of it. And Tennyson Wilde is everywhere. In the dining room. In her dorm. In class. Even inside her head. She thinks it's just a residual effect of being in his body, the fact that she can hear his thoughts, feel his feelings. But the more it happens, the worse it becomes and it seems to be awakening something inside her. Lucy never wanted powers. She never wanted to be anything but a normal girl, but the longer she stays at Amaris, the more impossible that seems. The Soul Bond is the fourth book in the YA paranormal romance series, Werewolf High. If you like fast-paced action, friendship and kick-ass female characters, then don't miss The Soul Bond. Buy The Soul Bond today to continue the adventure!

## Customer Reviews

I like her books but I think they are a bit expensive for Kindle books and for how short they are. I like

some of the books in this series more than others. I'm not sure I will get the 6th book or not. I've read the first 5. From the reviews I've read on the sixth book, it's not the last one. Sometimes I really don't like the main character. Each time you start on a new book, it's like she's forgotten everything she's learned up to that point and has to learn all the lessons over again. She's supposed to be really good with computers but you never see her using that expertise in solving her problems.

this year Lucy has a lot on her mind, Sam and his secrets make her mad, Hannah is gone her father reappears, and that is not the worst thing that is happening, Lucy's connection with Tennyson is becoming out of control, she feels him she can hear him think and something seems to be happening with her body. another fun book as Lucy draws closer to graduating

I literally read this book in 8hrs and read books 1-3 with in 24hrs! I couldn't put them down! Soul Bind was so good and intense it was like you were there seeing it all unfold not just reading it! I can't recommend this book or series enough! This book took my breathe away! I'm on to the next book! Thank you Anita Oh for having the talent to keep me hooked and wanting more!

This one kept me on edge the entire time. I couldn't put it down and I really want more of these characters. Lucy is quickly becoming one of my favorite heroines ever. She's down to Earth, acts her age, and never gives up. Her inner strength is to be admired and I hope to see this series continue!

The plot gets more interesting, the characters more delineated and I am enjoying the story. Looking forward to the next even while I don't want the story to end.

I found this series on a fluke. YA is NOT my thing, but Anita Oh has me hooked. I love this. I have recommended it to other who have kids that this is age appropriate for. I love my KU, but I pay for these books and pre order with NO regrets. This is a great read and a really really good well built world that is fast paced and believable.

It just keeps getting better and better can't wait for the next book if you don't stop and read this series you don't know what you are missing out on.

This series grabs a hold of you right from book one!!! Read all four books in 3 days. Cannot wait for

book five. Already have it preordered!!
