I read so much about Chakras, but honestly I don't really get it in its utmost meaning. So, I am hoping that this book will give me more information and detailed introduction so that I will learn more about what Chakra is all about and how it affects our daily lives and future self. I have learned from this book that there several kinds of Chakras. There is a Chakra specifically for love, forgiveness, for throat, for heart, there is a crown chakra to mention some. Each Chakra is defined very clearly in this book. The chapter which catches my attention is Chapter 2 because it tackles about how to awaken the 7 main Chakras. Well, I guess I have learned many things now through this read. Detailed and clear indeed.

Wonderful book for beginners wanting to work with chakras and finding out basic info about the chakras. I have always been fascinated with chakras and energy work, and found this book to be very useful. Love the meditations and affirmations in one chapter. Great read!

This book and learning about Chakras was totally fascinating for me. It is like taking yoga to a totally different level. It is simple and direct with only a few pages to detail the Chakras framework. I have benefited greatly from organizing perception and self-awareness based upon these centers of power. I highly recommend this book especially to those who are beginners like me.

An eye opening insight into our Chakras and their effect on us! Michael Williams explains Chakras in an easy to understand way and also gives us concrete actions we can take to balance our Chakras so that we stay positive and motivated. The book begins with an introduction of our seven different Chakras, followed by how to awaken them and what to do should our Chakras be damaged

and how to remedy them. This short yet informative book is a great introduction and guide for anyone looking to improve their physical, spiritual and mental health.

I thought it was a great starter guide. Not too much info just enough to get you started in learning about chakra energy.

LOVE it!!! still reading. learning different chakra points in the body and what it does. I am able to have more control over my emotions and actually feel better every day and understanding why taking care of my body and using the right energy flow will leave to a longer lasting and fulfilled life!

i like this book alot it gives you a lot of information

This book is lame. It contains a grand total of 54 pages with no illustrations and no color references. I just flushed money down the toilet.
