Rebuilding A Nation: Picking Up The Pieces (Cobblestone The Civil War)

Synopsis

After the Civil War ended in April 1865, the country needed to rebuild itself. Yet putting the country back together was not a simple task: Too much blood had been shed and too much hatred lingered between the North and the South. Many questions remained: How could the loyalty of former Confederates be assured? What would become of the thousands of freed slaves? Though President Abraham Lincoln had prepared plans for the restoration of the country, he was assassinated before he could begin them. *Rebuilding a Nation: Picking Up the Pieces* tells the story of a period of great change for the United States. Discover the impeachment trial of Andrew Johnson and its roots in his disagreements with Congress about Reconstruction. Explore the three constitutional amendments that became law during this period, giving all Americans new rights. Meet the African American men who were elected during Reconstruction, as well as Booker T. Washington, who, as a freedman, was able to realize his dreams of getting an education.

Book Information

Series: Cobblestone the Civil War

Hardcover: 48 pages

Publisher: Cobblestone (November 29, 2005)

Language: English

ISBN-10: 0812679091

ISBN-13: 978-0812679090

Product Dimensions: 7.3 x 0.3 x 9.3 inches

Customer Reviews

Our history books do not adequately cover this Reconstruction time after the Civil War. Personally, I think it is this time period that laid the groundwork (or didn't) for what happened after the Civil War. This book is excellent because the reading is interesting for a middle school population and is written in such a way that they can access it. Therefore, I think it is an excellent choice to broaden any middle school social studies curriculum.
