Rastafari Manifesto

Synopsis

What constitutes a Rastafarian remains largely speculative to many. In the absence of clear definitions, Rastafarianism has some specific meaning to who seems to embrace it as an identity and to those onlookers who would prejudicially judge it. In ambiguity, Rasta lacks the cohesion necessary to defend itself against onslaught by a hostile world. It also deprives itself of the rigidity required of any belief system to include or exclude. Rastafarianism is left with many who would use it to mean anything, even that which is abhorrent to the sensibilities of all decent people. This book clarifies Rastafarianism. It provides a basic minimum understanding by which identity can be forged. The world will get a greater appreciation of the Rastafarian perspective. Particular branches of Rastafarian culture may be more elaborate, but this book sets a tone of commonality. By reading it, everyone will be able to answer the question, "What is a Rastafarian?"

Rastafari Blessings
Awesome book from bro nigel on the reality of The Rastafari faith with crucial word sound from Abba Haile Selassie. Jah be praise.

I always see this man selling poetry books in front of a restaurant in Fort Lauderdale, but because I am always in a rush..i just pass by the man. One day, I decided to listen to what he had to say and see what he was selling. told him I would give him a donation and he said he would give me this book; Rastafari Manifesto. So far the book is a good read. it has opening my overstanding of Rastafari. I have been on my trod from I could read as a youth. This book has helped to clear up somethings that I had doubts about or misunderstood. Anybody who is searching for the TRUTH. Should read this book.

This book is a very informative introduction to Rastafari. It can also be used as a spiritual and earthly guide to success. It is a very easy read.
