Guide To Getting It On: Unzipped

Synopsis

From the author: I originally wrote this book for people who wanted to have better sex. But then it started winning awards and being used in college sex-ed courses. So I tried to make the book all things to all people, and it started to grow, and grow, and grow. But with this new edition, I've taken the Guide To Getting It On back to its roots. It is 624 pages, which is half the page count of the previous edition, and it is almost \$10 cheaper, at \$19.95. This edition is about you, assuming you are looking for a book that is down to earth, fun to read, and is your best ally when it comes to having really good sex.

Customer Reviews

"The 'Guide to Getting It On' was my book of common prayer. It's hard to describe the impact of the book, but it was deep and vast." --Joshua David Stein, The Daily Beast
"You've never read a manual as warm, friendly, liberating, thorough, and potentially sex-life-changing as the Guide to Getting It On! Neither had anyone in our office--which may be why our copies keep disappearing." â Oprah Magazine (Oprah Magazine)
"One of the few books about sex that you actually want to sit down and read." â Playboy Magazine (Playboy)
"If you're going to own just one instructional book about sex, this is the one." â Women's Health Magazine--Sex Awards (Women's Health)
"In our vast library of sex books, this is by far and away the most human, enlightening and entertaining read of the lot. I'll be recommending it until my keyboard wears out." â Cosmopolitan Magazine UK (Cosmopolitan Magazine UK)

Grease up your favorite Pole... During the past two months, we have received offers from publishers in Poland, Russia and Latvia to do translations of the Guide in each of their own countries. The Hebrew edition of the Guide has been sitting on top of the bestseller lists in Israel, and the UK edition will soon be on sale in England. This is a very kind reception for a book that every major American publishing company refused to print only five years ago. Many thanks to those of you who have supported the Guide here in America. I love hearing from you and hope you will email me with your comments or suggestions. (Contact info is in the book). Best wishes! Paul. --This text refers to an out of print or unavailable edition of this title.

I first stumbled across an earlier print copy of this in my teammate's room when I was a freshman in college...and I stole it. The guide changed my life then, and it continues to do so now. This isn't just a how-to or an explanation-of. It's an everything book. There are few subject areas that this doesn't cover, and it's bound to answer pretty much any question you have. I bought this Kindle version to have an updated one and to make sure that I always have access to it. I've always thought it was amazing and it's only gotten better. The illustrations and the straightforward writing style make it very approachable and easy to understand. And buying the Kindle version means no one can steal it from you either.

This book is not for the faint at heart! I think it's something every young person should read to avoid living a life where you don't know the facts! This will only improve your love/sex life. As an "older person," I learned quite a few things I never learned, and no one had the temerity to tell you. This book covers EVERYTHING. If there is something it doesn't cover, well, I don't want to know! I can barely absorb what he's written so eloquently about.

Everyone must read this book. I am a 42 year old mother of 2 children, married 20 years and I learned A TON! The illustrations are great, the information is honest. Should be required reading for everyone.

This is the BEST book out there on ALL the aspects of our sex lives: talking about it with your kids through the how to of kink, with lots of great short anecdotes. It's a well-written and fun read. The Joy of Sex is archaic. Everyone should read this book and then use it!

Talk about thorough!!!! Wow, impressive. And lots of humor throughout. Excellent work accomplished over a period of many years.

A great book for anyone with questions. Whether you are experienced or a virgin, a little information never hurt.

Well all I can say it's hard to put down, lol. It has a lot of information and useful tips. This is the fastest book I read.

I'm almost 70 and I learned much to improve my relationship!
