## Customer Reviews

this book is really great it contains facts pictures and britspeak so u can talk british. But BEWARE i had a copy at school and i was missing it for like a month my best friend stole it and ripped half the book so keep an eye on your book . but other than what happend to the books great

one info about zayn? he smoked weed once. "Mommy, what is weed? asks my 6 year old daughter. the author is very irresponsible for putting that in the book when they are a tween sensation.

I bought this for my 9-year son and he absolutely loves everything about this book. His happiness is my happiness.

Book has held up to multiple reads and page turning. The pictures are good enough to cut out and put on her wall.

If you like or love one direction this is one of the good books for you. For all the Directioners out there-This was made for you. If you buy this I would also recommend buying the other SUPERSTARS! One Direction book that is bomb too. P.S. I LOVE THIS BOOK AND ONE DIRECTION
