## Customer Reviews

Great Book. We highly recommend this book. Tristan Taormino is an outstanding writer and provides great advice and guidance for those interested in the world of Kink and BDSM.

As an introduction and overview for the curious it is good. Contains useful hints and helpful advices for everyone who seriously minds about to begin with and what. Between the lines it says that

women are more open to BDSM and its lifestyles than men. Being an introduction the booklet does not question and answer the Whys? for that.

Overpriced for the content. Offers little more than google search for kink terminology.

Very Basic. Not much to it and for the very very beginner.

An excellent, informative and educational "first read"

Very informative and very simple but complete. Obviously this is only a beginner guide and not a thorough book. But it does cover most of the topics and material anyone interested or intrigued by kink or BDSM for any reason including seeing or reading 50 Shades of Grey

THanks.

This book was a bit disappointing and short. I felt as though it lacked details and ideas. Plus, a lot of the Kink that it talked about was more than what the beginner would be looking for. An introduction should start out a bit easier.
