Best Sellers Rank: #293,604 in Books (See Top 100 in Books) #90 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Flower Arranging & Crafts > Flower Arranging](#) #241 in [Books > Crafts, Hobbies & Home > Gardening & Landscape Design > Flowers](#) #1012 in [Books > Crafts, Hobbies & Home > Home Improvement & Design > Decorating & Design](#)

Customer Reviews

This book isn't what I was expecting. If you want to decorate with dried flowers and how to dry them, then it might be your cup of tea. I shoved it in a closet somewhere....

Nice picture book. Not so good if looking for new ideas & instructions.

I am very pleased with the content of this book. Inside you will find great instruction, very seducing pictures of a number of assorted flowers and styles. There are inspirations for dried flowers and silk flowers which of course can cross over into the realm of the fresh and live flowers. Any florist and even those just interested in floral arrangement will absolutely love this book. Highly recommended.

I was looking for a basic book on arranging silk florals with instructions for basic tabletop arrangements. I was also looking for the fundamentals of silk flowering arranging. I finally found this in this book. Although this book is also about dried flower arranging, it still had more info. about silk

flower arranging than 7 other books I have purchased. It was published many years ago but is still current. If you are looking for floral designers showing off their artistic and in my opinion, nothing I would ever make, designs this book is not for you. If you want an artsy, coffee table book try *The Art of Floral Arranging* by Eileen Johnson. *The Art of Arranging Silk Flowers* by Emilio Robba is another pretty book and I like it better than the former. *Fabulous Faux Florals* by Ardith Beveridge has some very good pages on the basics of flowering arranging but the designs, I thought were only ok. *Silk Flowers: Complete Color & Style; Guide for the Creative Crafter* by Judy Blalcok also has several pages of good instruction on the fundamentals of arranging silk flowers. I just wish there was more of it. My second favorite book would be *Silk Flower Arranging: Easy, Elegant Displays* by Marcianne Miller. *How to Arrange Silk Flowers If You Think You Can't* has several pages of good information but the designs are dated and to me, unappealing. Another pretty book is Paula Pryke's *Flower School: Mastering the Art of Floral Design*. The fundamentals are explained and the information is good but this book deals with fresh flower arranging. If that is what you are looking for, it is a great book.

NICE ARRANGEMENTS

I found this book very helpful . the projects are simple and easy to make. if you are just staring out then this book is for you.

Wonderful book with great ideas. I have an easy time telling what looks good, but a hard time getting there. This book was a big help.

nice book
