I like this book for two reasons, one, i'm old and can prepare a one dish meal for one person and the other because I'm using only fresh ingredients except for condiments. I recommend this book to everyone who will listen including my family.

Love it!! Love the way it's arranged with ingredients at the left in green, all the tips, the numbered instructions which are easy to read and follow and the section on essentials. Love also, the recipes on marinades and sauces - a real plus. I didn't know it was important to marinate, not just for flavor but for the tenderness of the meat. There are a good many items I'll need to buy to be able to stir fry like the Chinese restaurants do and have it taste like that. I thought I'd only need soy sauce, meat and veggies to stir fry. I was wrong.

Great book!! Great recipes. Bought this one for a scrapbooking class, cut out the recipes and put them on fancy pages. Love the recipes!!!

Trying to get healthy is difficult after a lifetime of overdoing it. I have used these recipes a great deal and am grateful for the ease and completeness of the meal in a short period of time (I am not a patient cook). The food is more flavorful than I anticipated and the prep fast and easy.

Stir Fry is a absolute breeze with this cookbook. I am glade I purchase this book through . All the recipes all easy to follow and I never would have imagine I could cook like the chefs in the restaurants, this book is a must have plus you get the benefit of eating healthy.

Best cookbook I've found. Use it all the time.

I bought this for my son when he moved into a college house. He has tried lots of the recipes and they have all been easy and tasty. Much better than lots of take out and fast food

I really like this cookbook because it has good recipes and excellent instructions for each step of the recipe. I am a beginner at stir-fry and using this cookbook has given me confidence as well as much help. The recipes aren't too challenging, thanks to the accompanying instructions and this cookbook

has been a good help to me. I recommend it to all stir-fry enthusiasts.
