Customer Reviews

This book will just teach you words in hiragana no kanji. Good for adult and Children.

I thought it would have pictures, words in English and in Japanese, but this book only had pictures and Japanese words, so it was too difficult to figure out exactly what word the picture was supposed to represent.

Very good! The words all make sense and are the same as what I learned in Japanese class. The book is in perfect condition!

My children are trying to learn Japanese and we continuously refer to this book. We take it places with us, like the zoo, to practice learning the names of things as we experience them. Good pronunciation guide in the book, great pictures, and it has an English to Japanese translation at the end of the book for each page which is very helpful.

Very helpful

Excellent & arrived promptly.

Attractive images make this book appealing for kids to get a start and show off a little Japanese.

Received book promptly. Gave it to daughter as gift along and she was very appreciative.
