## Customer Reviews

Book by Ross, Warren

If you want a solid timeline regarding UU history this is the place to find it. I was engaged through the whole book and found it to be a very enjoyable read. Then again, I'm a UU religious studies major so this is the sort of thing that floats my boat. There's enough depth to write an undergrad paper about it. There's also plenty more to read about UU history though, this is mostly an overview of some important points.
