Binding Magick: An Urban Fantasy Novel (The Witch Blood Chronicles Book 1)

Synopsis

Being left behind to hold the fort every time the world needs saving, sucks. For Carmella Hunter, a witch blood with practically no magick, being surrounded by powerful friends has taken its toll. For once it would be nice to be the one doing the saving. Stuck in a dead end job in Piccadilly's favourite bakery, Carmella spends her days making cinnamon rolls and her evenings feeding the homeless, all the while dreaming of making a difference. One huge pastry order for the Covens annual meet and an attack of flu germs leaves Carmella delirious with a fever "too delirious to avoid a fateful bargain with a djinn named Paimon. Bound to do his bidding, his seductive voice in her head and his infuriating arrogance make the partnership a trying one. With Paimon, Carmella gets her first taste of power. A power she must use to track down the monsters hunting Paimon's people. Suddenly Carmella isn't so helpless anymore. Things get complicated when her boss, and close friend, goes missing, and the enforcement agencies don't seem too bothered about looking for a celestial dancer who likes to sleep around. With the help of Mal Banner, the Piccadilly Coven Elder Witch and self professed playboy, Carmella finally has the opportunity to be the hero she's always wanted to be. But someone doesn't want Carmella digging. Someone will go to any lengths to make her stop. Embark on a new journey. Scroll up and grab your copy today! The Witch Blood Chronicles is the spin off series to the hugely popular Gatekeeper Chronicles coauthored with Jasmine Walt, and although it can be enjoyed as a standalone series, the author recommends reading The Gatekeeper Chronicles first for maximum impact. Other books by Debbie Cassidy: The Gatekeeper Chronicles co-authored with Jasmine Walt. Customer Reviews

I really liked this book. Carmella is one of my favorite characters from the Gatekeeper Chronicles, and her own story has proved just as exciting. Lot of unanswered questions that I'm sure will be answered in the upcoming sequel, which I'm looking forward to. Debbie Cassidy is an author I'll be looking for more of for sure!

Such a great book. I want another one!

Binding Magick Debbie Cassidy aug 22 This is kind of a spin off of Then Gatekeeper Chronicles. You do not have to have read them to read this book. I was given an ARC for an honest review. Carmella Hunter is a witch-blood with barely any powers. She used to work for the assassin's guild as their artifacts librarian. Then she trained for the Inner-Entity Pact Enforcement Unit (IEPEU) but found she just didn't have the grit to be an enforcer for those that broke the Pact. So now she works at a Bakery and lives above it. She has a food kitchen that provides for the poor. Her boss and good friend, Urbashi, is an apsara. Her life is boring and dull. Until it isn't! After the Piccadilly Coven High Witch, Mal Banner, ordered a huge amount of pastries for a coven function, and everyone got sick leaving Carmella all alone to make and deliver them, she gets it done and heads home. Only to find she's coming down with something also. As she's laying in her apartment she hears voices. One of them asking her if she'd invite it in. So she absentmindedly does, thinking she's dreaming. But she wasn't. She wakes up feeling great. But something is inside her! (no, not in THAT way get your mind out of the gutter!!) Although Paimon, a Djinn Lord says it supposed to be a

symbiotic merge, she has yet to see it. Paimon needs to hide because someone or something has been taking Djinn. He is trying to find out who or what. So he's hiding in Carmella. Then Urbashi is taken, along with some of Mal Banners' apsaras also. And the police won't do anything. The IEPEU won't do anything. So her and Paimon go about trying to figure it out. I really enjoyed the mystery of it all. I was a bit sad when things worked themselves out and Paimon left. The ending was way different than I expected it to be. All in all I can't WAIT for book 2!!!! And if you haven't read the Gatekeeper Chronicles, *Marked By Sin* is the first one, GO get them now!!!

Absolutely stunning. Being a witch with no powers and having yet to find her place in the world. She is currently working as a baker. Thrust into a mystery when her body is inhabited with a male Djinn she tries to find answers. Will the answers be what she is looking for or will they lead to more questions? Witches, Djinn, parallel universes and gods make for a terrific read. She is a character that is a mix of innocence, trust and pure guts. Her male counterparts are all alphas and all are intent on making her their own. A stunningly woven world that draws you in and leaves you wanting more. A thoroughly great read. Can't wait for more.

Book 1 *Binding Magick* is a continuation of the Gatekeeper Chronicles... and is totally awesome. The main character is Carmella Hunter, a witch blood with practically no magick. Carmella used to work in the Library as the artifacts librarian of the Assassins Guild of which now is no more. Carmella is still friends with Malina Hayes who has now taken over as the Gate Keeper of Hell's mouth. And Drake the High Witch's Grandson is friends with Carmella or so he thinks.. He broke Carmella's heart by going after Penelope and dropping Carmella like a burning stone fresh out of the fire... not the best thing to do... shame on you Drake... In *Binding Magic* many exciting things happen.. Carmella is a Baker at the Delightful Bakery owned by Urbashi, a celestial nymph who is also good friends with Carmella. This book is fast paced and you must read the Gatekeeper Chronicles trilogy to know and understand what is happening and why it has happened. It is full of action and surprises.. and some I wouldn't of thought it to happen... a super awesome book all in all.. I loved reading this one and can't wait till the next one comes out

Excellent Paranormal read! While you could read this installment as a standalone, I would suggest reading *The Witch Blood Chronicles* in order to get the full impact. The story is well-written and entertaining. I voluntarily read an ARC and this is my honest review.

I fell in love with this story and I can hardly wait to see where it goes! It ties in with The Gatekeeper Chronicles and carries on with one of Malina's friends...Carmella. She believes herself to be a simple baker, a witchblood with no magic. When a being from another dimension "moves in" things start changing quickly. I can truly say this book deserves the 5 stars I gave it! I couldn't put it down!!!

I am glad I decided to read this one. It continues in a way the story we did not want to end, from a source we thought we knew. I enjoyed Carmella in the glimpses through Malina, but she truly shines all on her own. Oh and the men she has falling at her feet! But the Djinn is the one that has my vote! Can't wait for the next one!
