The Red: An Erotic Fantasy

Synopsis

Mona Lisa St. James made a deathbed promise that she would do anything to save her mother's art gallery. Unfortunately, not only is The Red painted red, but it's in the red. Just as she realizes she has no choice but to sell it, a mysterious man comes in after closing time and makes her an offer: He will save The Red if she agrees to submit to him for the period of one year. The man is handsome, English, and terribly tempting - but surely her mother didn't mean for Mona to sell herself to a stranger. Then again, she did promise to do anything to save The Red.... Contains mature themes.

Customer Reviews

Tiffany Reisz spoils us for all other writers of erotica and erotic romance. She is literate, so very well educated, and incredibly talented. Her stories and characters are unique, and completely original. Her writing is literary quality -- way above the masses of self-published work in the genre. And her erotic fantasies push all the boundaries without ever edging toward bad taste or anything that would turn off the physical and intellectual pleasure she gives her readers. I hate finishing one of her books and beginning the wait for the next one. Thank God every book is well worth reading again.

I was so pumped to read a new Tiffany Reisz book. Unfortunately, the "fantasy" part of this book was too much for me. No one can write a sex scene like T.R.!! That's for sure! But this just fell short for me. Parts were hard to read and I found myself cringing during parts. What would have been a great addition was some character development. It was sex with a little verbiage in between scenes. This just wasn't for me but the three stars is for her writing....no one writes a book like Tiffany Reisz!

If you've read The Original Sinners series, and Something Nice (sign up to Tiffany's email list to get that one), then you'll know The Red as one of Nora's books. While its fun to think of it as Nora's book, this tale has all the things I love about Tiffany's books. There are no cardboard cut-outs. Her characters are always original and solid, with their own quirks and weaknesses to make them real. And did I mention that the fantasy scenes are exquisitely imaginative and intensely erotic? I hope Tiffany had fun researching this book. I certainly enjoyed reading it. Looking forward to Wings! Oh, and if you haven't read any other Tiffany Reisz books, this is a stand alone, so enjoy!

The Red is a book you either love or hate, there is no in between. In my case I loved it, it is a book that is hard to describe. For the fans of The Original Sinners series, this is definitely a Nora book. It is filled with extremely hotsteamy scenes, but you know there is more to the story. I had an idea about who Michael was, but it turned out I was wrong, but everything got explained in the end. I loved the ending, a short story about what happens next would be amazing.

I have always loved Tiffany's books and this is no different. In fact I love this one the best. It is a page turner. You never know what is going to happen next. I especially love the last few chapters of the books. Makes you think that people in your past can steer you to the future they want. You will not regret reading this book. Its hot steamy and has a little bit of mystery. The best book by far from this author. I cannot wait to see what she writes next

I remembered the reference to The Red in Tiffany Reisz's The Angel so I was so excited when I read that this was coming out. Needless to say, this did not disappoint. While reading, I enjoyed looking up the paintings that served as the chapter titles and prefaced the upcoming scenes. Also, Malcolm felt like a version of Søren, and I could see how Nora wrote about Søren without explicitly describing Søren. As with Tiffany's other books, the sex was hot and kinky. Ooh-la-la! My Kindle was on fire!

I am sitting here absolutely dumbfounded. I've not read this author before. I've certainly not read anything close to this before either. What a trip I feel like I've been on! The way the story was brought together is INSANELY BRILLIANT!! I'm in awe. This is not my type of read..I blushed A LOT reading this, but I'm glad I did! I love Malcolm! Wow! My heart is still pounding!!!

This is a unique romance novel. The quality of writing and storytelling is a cut above the genre, with a "literary" feel. I love the way the author uses famous works of art through the story to provide a framework. It really is a Fairy Tale, at heart. When I was one-third through the novel, I was a little disappointed by the matter-of-fact way the heroine accepted these strange events happening to her. But in light of the Fairy Tale nature of the story, it makes perfect sense. Be warned: this is extremely explicit.
