Customer Reviews

"Originally edited by Robert Weber in 1969 and revised for the fourth (1994) edition by Gryson, this is the standard critical edition of the Latin version of the Bible, the Vulgate. Manuscript readings are duly noted in the apparatus, and the two versions of the Psalms are printed on facing pages (with the left page going the Gallican Psalter, the one commonly associated with the Vulgate version). Noteworthy is the fact that the third and fourth books of Esdras are included in this edition, and placed after the New Testament (3 Esdras Vulgate = 1 Esdras Septuagint; 4 Esdras Vulgate = 2 Esdras Septuagint). --Recommended as a standard resource for biblical study. "--International Review of Biblical Studies"

A superb, competent textual edition of a formidable collection of Latin MSS [Manuscripts]. It is the gold standard as well for all serious students of Biblical scholarship in the Latin tradition.

This book is absolutely gorgeous. The edition is itself academic, includes the prologue to each book and disposes of the tentative modern punctuation. Overall a fantastic product, well worth for any biblical scholars.

I was very pleased with this book. It has been a wonderful tool in learning Latin. For all of you Protestants out there, don't get tripped up with the numbering of the Psalms. The Catholic Bible combines Psalms 9 & 10 and separates Psalm 145. So for example, Psalm 119 is labeled Psalm 118.

This book is, quite obviously, great. Its biggest fault is that the pages are far too thin and fragile; it would have been better had it been published with a greater length and width so as to allow for thicker paper. The symbols showing different manuscript sources are also sometimes a bit too ubiquitous, and choke the text itself. But I like that the text maintains the old manuscript look (little punctuation, etc.), whereas I think the Vatican copies's texts probably look more modern. A great buy.

nice volume and designed well by a very adept scholar. the research required to produce this complete bible from so many sources is astonishing to read.

I love this translation of the Bible. I think every Catholic should try to learn Latin and read this Bible. It really is an excellent translation. The notes are magnificent if a bit confusing at first. But once you know what the small letters mean, then you are good to go. I was a little disappointed with the quality of the book I received. Some of the pages had become bent. A small issue, however. I'm very happy with the purchase! Thank you for getting it to me so quickly!

Awesome! Good quality Bible. If you're looking for a copy of the official Bible of the Catholic Church, this the one to get.

I am glad I have this book. Excellent workmanship: paper, printing, binding. As to the content - well enough centuries have already given an estimate of its worth. As to the provider: they did it promptly and satisfactorily. Enrique
