# Contract Law And Theory (2013)

## Synopsis

This theoretical exploration of Contract Law has very practical implications. By focusing initially on theory, students develop a framework for analyzing and predicting the outcome of contract disputes. Working from that framework, students gain an understanding of the lawyer's counseling and drafting functions so as to avoid future contract disputes. In order to meet their pedagogical objectives, the authors employ the following features and / or themes:

- Overview chapter presents the issues, methods, theory, and basic doctrines of modern contract law, serving as both a framework for analysis as well as a preview of subsequent chapters.
- Many chapters contain introductory essays that present some of the basic doctrines and theoretical approaches covered in the chapter. Additional essays within each chapter sharpen the focus on the particular doctrines discussed in each section.
- Extensive Note sections encourage students to integrate theory and doctrine in specific contexts.
- Contract rules are evaluated using a functional approach so that students consider the underlying purposes and policy goals.

## Book Information

Hardcover: 1066 pages

Publisher: LexisNexis; 5th edition (June 3, 2013)

Language: English

ISBN-10: 076984894X

ISBN-13: 978-0769848945

Product Dimensions: 2 x 8 x 10.2 inches

Average Customer Review: 3.0 out of 5 stars 5 customer reviews

Best Sellers Rank: #20,865 in Books (See Top 100 in Books) #7 in Books > Law > Business >

Contracts #48 in Books > Law > Administrative Law #200 in Books > Textbooks > Law

## Customer Reviews

This one is used, and the condition is really poor. It is really hard for me to finish my reading assignments. And also, this decrease my motivation of study. My friend bought the same book at the same store, his book is really nice. It actually looks new. We have paid the same price for god sake!!! It is a really bad transaction!!! It is not worthy at all!!!! I cost 140 dollars for a really poor condition!!!!

This casebook is trashed with editing errors. My favorite typo was misstating a 12.25% interest rate

as 1214%, leading to this fantastic line: "The 1214 percent rate that had seemed reasonable in 1983 compared unfavorably with 1987 market rates." See p578, Trident Center v. Connecticut General Life.

I thought it was a very well designed book. Great selection of cases, and a good balance between cases and notes. Sure, there are some typos, but I never felt they interfered with the readings. I had one of the authors as a professor, which probably helped.

I love the cases and the additional materials in this book. It gives a great overview of contract law!

Incredibly difficult to match up with readings assigned. If buying for class, try another ebook or buy the physical book.
