Denver & Boulder Chef's Table

Synopsis

Landscape has everything to do with who Coloradans are and thus how they cook, eat, and drink. Ruggedness is a given: the cowboys and outlaws of the old Wild West have their modern-day equivalents in chefs and back-to-the-land enthusiasts who forage for forest mushrooms when they're not tending to their beehives and chicken coops. This sense of adventure and emphasis on locally-sourced ingredients is imparted on every plate served in Denver and Boulder's restaurants and eateries. Combined with a spotlight on cooking traditions from around the world, the Front Range dining scene has never felt so exciting and vibrant, all the while set against a singular backdrop: the Rocky Mountains. Denver & Boulder Chef's Table gathers the cities' best chefs and restaurants under one roof, featuring recipes for the home cook from over fifty of the region's most celebrated restaurants and showcasing full-color photos of mouth-watering dishes, award-winning chefs, and lots of local flavor.

Customer Reviews

Great recipes from some of the best chefs and restaurants in the Denver/Boulder area with great photography and stories about them. Definitely would recommend this to all who enjoy cooking

,makes a nice gift to out of town guests as well!

Difficulty with some recipes turning out as expected-- wonder if they are written for high altitude cooking. I live at sea level; perhaps that is why some recipes have been difficult. Love the pictures and narratives!

Truly gourmet, fabulous sounding recipes for the person who devotes their life to the kitchen. I hope someone will cook something for me from the book because I don't have enough time.
