Sam Philip is senior writer at TopGear Magazine.

For my son's 12th bday. This book is gorgeous and he is going to love it completely. Arrived in a timely manner!

Awesome book at a great price. This was a gift for my teenage son, and I think he literally jumped a foot off his chair when he opened this. Book is very high quality and with current supercars. I guarantee this will be a knockout hit for anyone that has an appreciation of high-end sports cars and

wants to be able to drool over them at any time :)

This book is bit blah. We ended up ordering a different one called EVo, way better for boys into real sports cars

My 11 year old who is crazy about cars did not put this down for several days. The 3D pages were a particular hit. Coolest mum ever!!!

Super cool book! My son loved it!

This book could have been so much better.
