The Mission Of The Portuguese Augustinians To Persia And Beyond (1602-1747) (Studies In Christian Mission)

Synopsis

In *The Mission of the Portuguese Augustinians to Persia and Beyond (1602-1747)*, John M. Flannery describes the establishment and activities of the Portuguese Augustinian mission in Persia. Hopes of converting the Safavid ruler of the Shi'a Muslim state would come to naught, as would the attempts of Shah 'Abbas I to use the services of the missionaries, as representatives of the Spanish Habsburgs, to forge an anti-Ottoman alliance with the papacy and the Christian rulers of Europe. Prevented from converting Muslims, the Augustinians turned their attention to Armenian and Syriac Christians in Isfahan, later also establishing new missions among Christians in Georgia and the Mandaean of the Basra region, all of which are described herein. The history of the Augustinian Order is generally under-represented by contrast with other Orders, and this study breaks new ground in existing scholarship.

Book Information

Series: Studies in Christian Mission (Book 43)

Hardcover: 298 pages

Publisher: BRILL (March 1, 2013)

Language: English

ISBN-10: 9004243828

Customer Reviews

"Flannery's study is an incisive investigation of an intriguing episode in early modern cross-cultural history, a valuable addition to the growing body of work on the rich history of relations between the Iberian Peninsula, the Persian Gulf, and Safavid Iran, and a judicious analysis of the missionary role in this encounter. It analyzes the role for Augustinians in Iran in the full awareness that their presence was deeply enmeshed with politics, and shows a fine eye for the different origins and agendas of the various orders with which they competed. It will be of great interest to scholars of

church history and of early modern diplomacy, and is a must-read for anyone working on Safavid history." - Rudi Matthee, University of Delaware. "The study grounds itself firmly in archival work in Portugal, Spain, and the Vatican, and builds on an impressive array of sources... An important corrective intervention in the scholarship... The volume is more narrative than analytical, appropriately for a pioneering work, and ends with a discussion of future research. "Mission" encourages us to look forward to more mature scholarship from John Flannery." Luke Closse, Simon Fraser University, British Columbia. "Flannery offers important reflections on a little-known mission. His work, spanning almost 150 years, creates an appetite for more volumes expanding on the themes he treats." Steve Cochrane in "International Bulletin of Missionary Research" Flannery's study is an incisive investigation of an intriguing episode in early modern cross-cultural history, a valuable addition to the growing body of work on the rich history of relations between the Iberian Peninsula, the Persian Gulf, and Safavid Iran, and a judicious analysis of the missionary role in this encounter.
