With his debut series, "Attack on Titan," Hajime Isayama has enjoyed a meteoric rise from unknown to one of Japan's top comics artists.

it's an awesome series and it keeps getting better... I'm sad to be at the end though... Levi is still my favorite and it was a shock to figure some things out about his family. But I love him so much and he is freaking boss same with Erwin and historic isn't too bad anymore

Great story. Can't get enough of these comics. No idea where this story is going. But like what I've seen so far.

Great story continues. Can't wait for season 2!

came in good condition. all was well.

Finally, at long last, the conclusion to the long and annoying political warfare arc! As usual, Isayama gives us some really good action sequences, though it does annoy me how quickly the new Titan gets defeated. I will give that a pass, though, because of all the sweet, sweet character development we get for Historia in this volume. Judging by how the series is going, the next few volumes are gonna be really exciting.

Good manga as always.

Another great read in the Titan series. Sorry No Spoilers here.

This continues a great story, can't wait for the TV show to catch up with the books! three more words.
