Customer Reviews

Got this for a trip to Savannah with a group and it came in very handy! The cartoon-y design is a bit distracting, but it got us where we needed to go. Cute and helpful map!

I was hesitant to purchase this map as it was published 5 years ago. Well, I went ahead and ordered it and was greeted with the pleasant surprise of its having been updated in 2010!! I haven't gone to Savannah yet (I was unable to write this message without first choosing a rating star. Thus, I am being disingenuous by giving a great review site unseen!). Just wanted others to know this info if, like myself, it was a possible deal breaker regarding purchase.

This is the 2nd Savannah map I've purchased. I love this map; makes navigating the historic district super easy especially with all the landmarks on it. Recommend to anybody traveling to the gorgeous city!

Upset that you couldn't see the map on the inside where the streets are before ordering. Cannot use

the map at all. It is not a real street map but just highlights of tourist places. I am new to Savannah and needed a street by street view.

I bought this map because of the great reviews I had read from other customers, and I was not disappointed! I appreciated several features. The map displayed in different colors most of the bed & breakfast establishments, hotels, shops, restaurants, and historical sites in the riverfront and historical areas of Savannah. The back of the map displayed a more general view of Savannah and the surrounding area. The map is small, portable and can be used as keepsake afterwards. It was well worth the price!

A handy size, this is the best map ever of Savannah. We keep it in the car. Lots of extras, like dividing Savannah into sections and noting where stores/restaurants are. Also, the direction streets run--critical in this town. The sections on Tybee are a plus!

After identifying where the house is that I am renting, the map clearly will help in navigating the city.

This a a great map. I knew I would like this one since I also bought the map for Charleston and it was very helpful as we walked through Charleston two years ago. It details restaurants, historical buildings, hotels, so it is easy to get around. Next week we go to Savannah, the hotel we are staying in is on the map, also the places we are planning to tour. If you are going to Savannah, this is a must.
