Customer Reviews

I was looking for a calendar I could enjoy hanging on my wall and looking at each day. Norman Rockwell is one of my most favorite artists and I hoped to find a calendar that displayed unique or less common works by him. This purchase fulfilled that hope. It's an excellent size and easy to view. The quality of reproduction is very good and offers real detail. I look forward to seeing which painting will be on display for the month and what story it will tell in the viewing.

Norman Rockwell is a beloved, known quantity but I would not order one next year because the colors render this master's work a little too subdued. IMO. I think that has a lot to do with the original colors he used when he created the images. Today's production values have much richer, deeper colors. Rockwell was using pen and ink a half century ago and, of course, the "richness" is in the composition and content. Great Americana.

All of these purchases are VERY old - we are pleased with everything so you don't need to have us do the survey anymore. Thank you.

I teach English as a Second Language to people from other countries. I try to put things on my walls that generate conversation about American culture and society. This calendar is perfect!

I love Norman Rockwell and this calendar is wonderful. Its large so if you don't have a lot of wall

spaceit might not work for you. But the pictures are beautiful and take you back in time. The calendar itself is a very nice size for writing down important happenings.

I love Norman Rockwell! I get one of these calendars every year! :D

I order one of these for my sister every year. She hangs it on the wall next to her desk at work and admires its unique and special Rockwell artwork while keeping both professional and personal appointments written on it. She has never been disappointed.

Huge Norman Rockwell fan. Didn't want to spend an arm & a leg like normal on this type of calendar. Found it at a good price and shipping was almost like next day.
