Customer Reviews

I enjoyed this book by Meredith Potts. When Clarissa, the owner of the Home Cooking diner is found stabbed to death, Sabrina and her detective boyfriend, David, get to work interviewing potential suspects. There is a big list of suspects from within the restaurant. A great cozy mystery that keeps you guessing and wanting to read the next book.

Another great book. It is a good mystery and a fast read. This wholesome mystery keeps you guessing until the very end. I just love all of Meredith Potts books. The characters are believable and are the type of people you could be friends with, so if you like great mysteries this series is for you. Can't wait for the next book.

These books in a series are fun and very easy to read. I check myself when I am done and also my BP is good as well. Just a little diversion for Mr!!

Hilariously written of course! Love these books. If you want a good, funny series this is it.

The fourth installment of a girlfriend helping her detective boyfriend solve a murder. Keep up the good work. Can't wait for the next book

love it

The past couple of months have been difficult for Sabrina Daley, cryptic comments and murder investigations can be emotionally draining, but she and boyfriend David Carlson decided to bring back their Saturday Date Night to celebrate some peace and tranquility. They enjoy a great meal at Home Away From Home Cooking restaurant, but while debating which dessert to have, their peace and tranquility is interrupted. Owner Clarissa Anderson, the soon-to-be victim, is having a shouting match with busboy Felix Martin, the soon-to-be suspect, in earshot of everyone in the restaurant: Theft? Wages? Fired! Although Clarissa was obviously preoccupied by her husband's appearance, another suspect option, she didn't seem to want any help from Sabrina. Then on the way home, sans the dessert, two more mysteries rear up: Cars leaving the mysterious invite-only meeting? A light seen in the window of an abandoned manor? Peace and tranquility is done! This entertaining book is the third in the Daley Buzz Cozy Mystery series, and it and Meredith Potts have become big favorites of mine. Along with the murder mystery that does come to a final "Oh, my!" conclusion, the series weaves in several mysteries with clues sprinkled throughout, and hopefully one by one these mysteries slowly are solved: Lights in the abandoned manor touted as being haunted? Invite-only meetings of local businessmen? Ten-year cold case of Sabrina's missing sister? I definitely suggest starting with "Chocolates With a Side

of Murder, then on to Caramels With a Side of Murder to get the entire picture. It is such an exciting and engaging adventure, you'll not want to miss a single page! The evolution of Sabrina's love interest, support and vocal concern from her parents and BFF, and the close-knit relationship with members of the Treasure Cove community make this a realistic read, no last minute characters or story twitches that don't make sense. Delightful With a Side of Murder! Disclosure: A review copy of this book was sent to me by the author. However, all of the above opinions are my own.

This is another great cozy mystery series by Meredith Potts. This is the third book in this series about Sabrina and her boyfriend David. Beginning with Book One, CHOCOLATE WITH A SIDE OF MURDER, besides working on a murder mystery involving a local, Sabrina has a mystery of her own to solve - the disappearance of her sister ten years ago. Continuing with Book Two, CAMELS WITH A SIDE OF MURDER, Sabrina continues to try to find out about her sister while solving a second murder in her town. APPLE PIE WITH A SIDE OF MURDER is the Third Book in this series. Sabrina and David set out to find the killer of yet another local in their town. Sabrina is also trying to solve the disappearance of her sister. This series is an excellent cozy mystery series in that it ends each murder mystery while continuing the original mystery of Sabrina trying to find her sister in all the books. I know that while I can hardly wait to find out about her sister, I don't want this series about Sabrina to end. I highly recommend this cozy series. All of Meredith's books are clean mysteries - no gore or profanity.
