Americatown

Synopsis

After an economic collapse and other disasters in the near future, Americans are now the legal and illegal immigrants living abroad. They find work in cities like Buenos Aires, where their very own enclave known as "Americatown" has taken root. Owen, a recent arrival, begins a journey to support and save his splintered family divided between the enclave and home back in the U.S. His struggle is just a small part of the hardships and conflicting agendas in an immigrant community trying to build itself in the shadow of a once great nation.
