## Customer Reviews

Jim Hrisoulas is a master bladesmith specializing in medieval broadswords and daggers and Damascus pattern welding. He has almost 30 years of experience at the forge.

Great book about general damascus techniques, but not so much for actual patterns. I wish there were more illustrations of billet stacking and the resultant patterns.

I'm happy with buy

Good variety of pictures of knives and articles.

Bought as a gift for my husband. He likes it a lot. Said it gave him better instructions than the other books/websites he'd been reading on patten welding.

Gives a lot of great patterns, techniques and I recommend it to any artist Blacksmith bent on producing quality knives.

Even though the contents seem to deliver the message by this master bladesmith, the edition of the book, it's designs and images in black & white that lack contrast, left me insatisfied. Maybe a next edition could manage to overcome this. Great book!

V.Happy
