Nice book overall BUT a lot of the phrases are not something you would say while traveling. We ended up using Google Translate instead, which was much faster and more accurate.

There is almost too much information in this book. I just wanted/needed an easy, basic phrasebook. Is a good reference if you are trying to learn Korean and Hangul.

perfect size for carrying in your day bag and it covers everything from how to say you're a vegetarian to where is the campground. i'm very pleased.

Handy book that can be a quick reference or, if you commit the time, a decent primer to prep you for your trip. The small size allows you to slip it into a bag and have it on hand when you need it. I have this book for a variety of languages because I travel internationally for work, and I regularly refer to them.

Useful for brushing up on my Korean and reminding myself of useful travel phrases for my vacation.

Perfect! A small easily carried super handy phrasebook for traveling around South Korea! especially

with the menu for vegetarians and special requirements. (kosher, Halal, and Allergies!) Totally would recommend to anyone who plans on visiting or living in South Korea!!

VERY SATISFIED

This book is not only user friendly, but also has a great balance of information. I would recommend.
