Multiple Bles8ings: Surviving To Thriving With Twins And Sextuplets

Synopsis

Eight children in three years? Impossible! Kate and Jon Gosselin have learned that, through God, all things are possible---though sometimes slightly improbable. Just three years after giving birth to twin daughters, Kate and Jon learned they were pregnant again---with sextuplets. In *Multiple Blessings*, Kate candidly chronicles the emotional and exhausting challenges she and Jon faced from the time the babies were conceived through the first two years of their lives. This amazing story of faith provides a heartening lesson in what it means to trust the faithful hand of God to provide the strength and courage to make it through life's seemingly impossible situations.

Infertility treatments, twins, more infertility treatments, followed by six beating hearts on an ultrasound screen. That sets up the Gosselins' memoir of the exhausting and joyous events surrounding the births of their now famous sextuplets. Those familiar with the TLC program *Jon & Kate Plus 8* know how their household runs; now their story comes alive for readers as well. Kate admits, "I was a bit of a control freak," yet also quickly draws on and receives the "peace of God... like a security blanket" through her months in the hospital, Jon's job loss and the impending arrivals. Details such as how they chose names; the sextuplets' birth day of May 10, 2004; and the babies' weeks in the neonatal intensive care unit are fascinating, as are stories of running a household that was perpetually full of volunteers, looked like "baby base camp" and required carefully sequenced nightly bath time. The Gosselins' life is a whirlwind, with their book reflecting the fast-paced,

faith-filled approach they take to raising their twins and their miracle sextuplets. (Nov.) Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.

A lovely read.

I've seen the entire *Jon and Kate Plus Eight* series, and really enjoyed reading the book as a supplement. Kate Gosselin has a second book, but this is the better of the two. If you only want one book about them, read this one.

Nice read

Past judgement of Kate is unfair unless you've walked in her shoes. I couldn't have done any better. I do place blame with doctors who put couples into this very difficult and unnatural position. Can't expect them to eliminate some after the fact. I couldn't either.

Was a very good book it lets you see what kate and Jon have been through on the first few years of their journey with the twins and the 6 babies! Hope kate never stops writing books like this one

At the time we got this we really enjoyed it. Like many others, we had bought into the hype for this family. We feel sorriest for the kids. They have been just innocent pawns in the drama between the

self absorbed Mother and selfish father. Arrived on time and packed well.

It's a nice book to read on a quiet rainy day / night - Fame rush to their heads, but the kids lost out

The wife really enjoyed reading this, but not point in rereading it or anything.
