Fables: The Deluxe Edition Book Eleven

Synopsis

Imagine that the world's most beloved storybook characters were real—real and living among us, with all of their powers intact. How would they cope with life in our mundane reality? The answer can be found in *FABLES*, Bill Willingham's celebrated reimagining of the venerable fairy tale canon. From Snow White and the Big Bad Wolf to Goldilocks and Little Boy Blue, the folk tales of old are reborn here as exiles living in the magically camouflaged New York City neighborhood of Fabletown. *FABLES: THE DELUXE EDITION BOOK ELEVEN* includes the transformative story arcs "Witches" and "Rose Red" as well as the historic tales "Dark City" and "Single Combat" from issues #86-100 of the award-winning Vertigo series, and features a new introduction by author and former Vertigo editor Alisa Kwitney and a special sketchbook section by series artist Mark Buckingham.

Bill Willingham has been writing, and sometimes drawing, comics for more than twenty years. During that time he's had work published by nearly every comics publisher in the business and he's created many critically acclaimed comic book series, including *Elementals*, *Coventry*, *PROPOSITION PLAYER* and of course the seminal Vertigo series *FABLES*, as well as its spin-off series *FAIREST*, *JACK OF FABLES* and *THE LITERALS*. His work has been nominated for many awards, including the Eisner, Harvey and Ignatz comic industry awards and the International Horror Guild award. He lives somewhere near a good poker room.

Great story, great art, as always. Was delighted with a super huge deluxe edition. Disappointed in the "celebrity" questions followed by a short story answer. Why not answer "regular" peoples' questions with a page or two story? Not thrilled with the cut-outs or game board either.

Beautiful and gripping! Get the entire series!

As with all Bill Willingham Fable's books this is excellent. The story is creative and you just can not put this book Down. The last hard cover # 11 was good but did not do much to move the story of the characters out from their NYC lives. This is a must read REGARDLESS of the cover art. IF this came with a picture of a garbage bag on the cover it would be a must read!!! The first review of this book was ridiculous.If you are already up to here in the Delux series I'm sure you will already be buying this but do, it is worth it.

Good read. Better then last book definitely

This is not the cover it comes which is the cover I wanted and a way cooler cover then the one I received.
