Essentials Of Rubin's Pathology

Synopsis

Essentials of Rubin's Pathology, Sixth Edition, is a condensed version of the main title, Rubin's Pathology, 6e. Targeted to students in allied health fields, including dentistry, nursing, physical therapy, physician assistant, chiropractic, and occupational therapy, Essentials of Rubin's Pathology follows the same format as Rubin's Pathology, covering principles and mechanisms of pathology in the first section and organ-specific pathology in the second section. Essentials extracts key information on pathogenesis, epidemiology, and clinical features of diseases. Illustrations -- whether schematic or photographic -- are also all derived from the main text. A companion Website will offer the fully searchable online text, case studies, audio review questions, Podcasts, and an image bank and test generator for faculty.

Customer Reviews

Easy to understand and follow, excellent pictures for better understanding. I got it because I wanted to learn about pathology, I am not a medical student, nurse or anything like that, so it was very easy for me to understand. I strongly recommend it!!!!!! By the way I got the kindle edition, EXCELLENT!!!!!!!

Great book for my master's pathology course, pleasant to read and nice illustrations as well.

reads like an instruction manual

Great condition!

Excellent condition

Easy to read and understand.

Great book, would recommend.

excellent
