Jess has worked as a freelance designer in the children's book departments of Scholastic, Henry Holt, and Harper Collins. She currently creates illustrations and surface designs for the publishing, fashion, tableware, and stationery industries.

I love the swirly type images in this book. They are intricate enough to be fun but not so intricate as to be annoying. The paper is a bit thin so wet colors like gel pens and markers will bleed through and I don't like that because I wanted to use the quote side of the page as well. But at this price I can't really complain.

I bought this for my 8 year old and she loves it. We have a lot of fun coloring in it together. I like how every page has a quote on it as well.

This book is very relaxing to color in after a stressful day. Loads of fun.

I am a teacher and I love to color. I love using Sharpies to color the doodle art. It is calming and helps me destress. This is a wonderful product.

Given as a gift to a young boy, he really loved this upscale coloring book.

My daughter loves this coloring book!

Every adult coloring book I have gotten from Design Originals has been excellent! Jess Volinski's Color Swirl is just lovely! The hippie type doodles really appealed to the 70's chick in my soul. Thank you bunches and bunches!!!!
