Customer Reviews

Our daughter has a new found love for reading after purchasing this series. She has such a love for horses, that she was captivated. We went from fighting to get her to pick up a book, to having difficulty getting her to putting them away. She'd read in the tub, read in the hammock, read at the

table, read instead of watching TV, read in the class room (more than she should) ... this was a totally new child. Honestly, this series was an answer to prayer. We are thankful for the Christian back ground in these books. Our daughter would come to us upset, wanting to know why God would allow certain things (based on what she just read), which in turn sparked beautiful conversation (I'm referencing all books in this series for this review, I cannot recall which exact books make her cry). As soon as she was half way through the first book, she was encouraging me to hurry and order the second one. She was going through them so quickly, I finally got smart and ordered the enter series. She is now near the end of the last book and is already BEGGING me to find more books like this. I promise you will not be disappointed with this author or these story lines.

I loved this book.....I have read the whole series.....it really helped.my faith in Jesus Christ because of all that Skye has been through and I have been through so little yet she still turned everything to JesusI love the author she describes everything so well.....I want there to be another book to see if her and Chad ever get together.....if u r not saved and trusting Jesus Christ then I suggest u read this book and get help from a pastor or parent or teacher and they will show udon't waste time u never know when Jesus will come back and it's to lateWill u either meet God as your Savior or as your Judge.....John 3:16

This is my favorite Keystable book. I loved how Skye wanted to find her mom and dad. I couldn't put the book down because I wanted to keeping turning the pages to see how it goes. Her search was not easy, but she never gave up. I loved the ending. Great book for horse lovers and/or girls ages 10 and up.
