# Emily Windsnap And The Land Of The Midnight Sun

## Synopsis

The New York Times best-selling series continues with the half-mermaid embarking on an icy and perilous journey to the Land of the Midnight Sun. Strange storms are blowing up from the ocean, caused by the nightmares of Neptune, King of the Sea. Convinced that his dreams herald an approaching threat, Neptune enlists half-mermaids Emily Windsnap and Aaron for a top-secret mission to find and eliminate the source of the trouble. But Emily and Aaron quickly get in over their heads in the frigid waters of the frozen north. Deep within an alpine lake where magical reflections show what could be rather than what is, the two discover a trove of stolen memories and Neptune's darkest secret. Double-crosses and double-takes abound in Liz Kessler's fifth magical mermaid adventure.

This book was AMAZING! It was the best in the series by far, except for maybe the siren's secret. I am hoping it will be like the Harry Potter series and have at least 7 books in the series. If you liked this book, then I recommend that you read The Lightning Thief by Rick Riordan. I also recommend the book Ingo. But mostly, I just want some more books with Emily! I hope you liked it as much as I did. Peace out!

Because of other obligations it took longer to finish this book. But on vacation I finished it. I loved it the last few chapters keep me in suspense about what was going to happen next. Fantastic book I loved it and will look for more. As a child I always wondered about mermaids this book still has me believe they are out there. That is what I want to believe and I am 67 years old. Thank you for this book.

Granddaughter loved this book. Kept her interest clear through till the end.

I LOVED this book. It was so amazing. It captured the essence and imagination of reading. When I got this ebook by Liz Kessler I couldn't stop reading it. This book I would recommend to anyone it's just AMAZING!!! Liz Kessler your books are awesome and never stop writing!

This series of books is what finally motivated my 8 year old daughter to read chapter books. She has now read the whole series and reads into the night and early the next morning. I definitely recommend these books to readers who are resistant to read "boring chapter books"! Nothing boring in these! :)

This book is really good and has a lot of cliff hangers in it that made you want to keep reading in fact it was so good that I finished it in 2 days. I hope that the author will continue making these books The only complaint I have is that now it's over and there is not a next one to read!!! I'm 12 I love this book soooooo much!!!!

Daughter loved them
