Dispensational Truth [with Full Size Illustrations], Or God's Plan And Purpose In The Ages

Synopsis

In *Dispensational Truth*, Clarence Larkin maps the Prophetic Scriptures of the Old and New Testaments. The culmination of three decades of bible study, Larkin's elaborate prophetic charts and descriptions made the literal interpretation of the Bible accessible to a vast audience and greatly influenced conservative Protestant visual culture. After the first edition of his *Dispensational Truth* quickly depleted, Larkin expanded his work twofold in charts and descriptive matter for the 1920 edition, which is reprinted here. This singular, exhaustive work draws on the works of figures like C. I. Scofield and John Nelson Darby and provides the definitive foundation of premillennialism. Clarence Larkin (1850-1924) renounced his career as a draftsman to pursue a spiritual life. In 1882, he became a Baptist minister and used his drafting skills to visually interpret the eras of the Bible in accordance with premillennialist dispensationalism.

Customer Reviews

Would be good if I could read the text and diagrams. Large book with text photocopied in small print onto the middle of the page. I sometimes open it and hope to read it but text is too small. Not well thought out or practical at all. However, I can see the content looks excellent if your willing to sit with an enlarger for everything

Lots of info, but the handwriting on the charts is too small. A couple of statements about prophesy are only the opinion of the author and should be stated as such.

Everything and more than I expected. As a bible student for over 40 years, Larkin's charts, order and revelations are laid out in such a fashion that anyone, even the novice bible student can get something out of his charts even if you don't necessarily agree with everything! Because he was a mechanical engineer by education, he took those skills learned and put together a wonderful tool for the modern day Christian who desires a glimpse into the prophetic past and future and would like a road map of how to grow in the Lord.

Larkin's Dispensational Truth is a classic, one that I have always wanted to own. This reprint, however, is sadly lacking. The original book was printed in a landscape format, whereas this was printed in portrait mode, which necessitated the shrinkage of the charts to to the point that they are too small to read in many cases. The paper and binding are very low quality, as well. By all means, buy a copy of Dispensational Truth, but avoid this edition.

The print is very small and would be better if it came in both large letters as well as regular.

Good book!

The print is way too small compared to the original book (borrowed from a friend). I was looking for this product in its authentic form. Sad to say, I was disappointed. Tonjua

Awesome book
