In Rio de Janeiro On The CHEAP!)

Synopsis

This book is intended to assist travelers in their attempts to have a low-cost, fun filled and highly memorable time in Rio de Janeiro. In seeking to attain this, travelers will have to focus not only on the destinations that they desire to visit within the city of Rio de Janeiro alone, but will also have to focus and concentrate on methods that can assist them in controlling their cash out-flow while in the city. In the last few years alone, Rio de Janeiro has outpaced New York City as being a more expensive city to live in. Even though the inflation rate has climbed tremendously over the years, it is still possible to visit the city and have a memorable time without breaking your piggy bank! In fact, this book, and the series of books that will follow will provide a wealth of examples of how travelers can spend much more time in the city of Rio de Janeiro than they previously imagined and at a LOW COST!!

Customer Reviews

I thought this was a pretty good reference book on the country of Brazil. I also thought the section regarding having a written contact spelling out all of the details of your trip is very important. I don't

think I would have thought of that myself. Also paying by credit card is really important because of the ease of getting a refund if conditions are substandard. Overall I think this is a very good basic reference book with regard to the other pieces of advice and author's perspectives given.

Written in generalities, it is short of specifics in regard to venues, eating places etc. Most of the information it provides is readily available online.

Helpful information from someone who has lived and worked there for over 10 years. Knowing where to go and what to do requires a good guide, especially in a place like RIO !

A decent intro to traveling to Rio. No addresses, and few details in general. I would say look elsewhere. The samba practices is a good idea.

The author gives great advice on how to plan your trip, great places to go other than the usual tourist destinations and how enjoyed Rio de Janeiro without busting your budget.

A great guide from someone who has lived in the Brazil for a decade. Gives a good perspective from a former US citizen on how to be frugal and get to know the ins and outs of such a beautiful country. A definite read!

I wish I could have had this guide book with me the first time I traveled to Rio! This is definitely well worth the 3 bucks I recommend that anyone whose heading down that way invest in this book that feels like a guide. Keeping it next to my passport.
