# Health Policy: Crisis And Reform

## Synopsis

Now in its Sixth Edition, this best-selling health policy text is updated with a collection of new articles on various health policies. This compilation of articles focuses on the new healthcare environment, healthcare reform, trends in healthcare delivery, and quality and safety. Each chapter contains multiple article excerpts on that chapter's topic, providing various perspectives on the most pressing topics the healthcare system faces. A brand new chapter is included, titled Health Policy and Corporate Influences.

## Customer Reviews

Helped me get an "A" in the class.

Awesome seller. Hard read, not a well written book.

Awesome book for those passionate about learning of our government's health policies and deficits.

I would highly recommend this book to assist your personal knowledge in health policy changes currently happening in the United States. ACO and medical homes that focus on patient centered care approach is coming more to the fore front.

okay

okay

Spent \$ on book not used

Has interesting points; has lots of graphs and tables to make the points clear. I would recommend this book highly but it does not read like a novel.
