1000 Random Things You Always Believed That Are Not True

Synopsis

As the title suggests, *1000 Random Things You Always Believed That Are Not True*, contains a huge list of interesting and unbelievable misconceptions about the world around us. This book helps break through all the myths that surround us and give you the straight facts on topics that range from animals to food and even to space. *1000 Random Things You Always Believed That Are Not True* is packed with interesting, entertaining, educational and fun things to read. You'll get everything from the weird to the wonderful and from the horrible to the hilarious. We bust some common misconceptions such as: The tongue doesn't have different regions dedicated to different tastes. Every single taste can be sensed on every part of your tongue. Vikings did not wear helmets with horns on them.

Customer Reviews

While I did find some interesting items here, I also knew most of these facts. The text is poorly edited, to the point of being annoying.

Things are not true because he says so? Most do not tell why they are not true.

very interesting and informative

There's a lot of info here, definitely worth the read. There are a few things in here that I thought don't belong in the "you always believed" category but they didn't detract from the rest of the book.

This book is fun to read. Great purchase!! Instant download too. I see they have a volume 2. Will download that one too.

Nothing to worry about. Good read

Lots of stupid and incorrect info

This feels an awful lot like meeting the tooth fairy...mind blown! I would say I feel like a gullible lemming but that story is a big lie'
