Danger In The Deep Blue Sea (Mermaid Tales Book 4)

Synopsis

Pearl's fear of sharks is not unfounded—but can she find a way to feel safe in this Mermaid Tales adventure? Late-breaking news from the Trident City Tide: There have been shark sightings in Trident City! No swimming alone! Pearl's father even hires a Shark Guard to escort her to school. Pearl starts stirring up lots of trouble with anything that has to do with sharks, even denouncing the skeleton Kiki has in her room. And then, to make matters worse, Pearl accuses Kiki of stealing her precious pearl necklace! And though the undersea waters are indeed filled with danger, Pearl just might discover that true friends can provide a sense of safety!

Customer Reviews

My 6 year old daughter loves this book. She is able to read at a fourth grade level and finding appropriate but interesting books for her has become a bit of a challenge. This book series does the job. Each story deals with a different mermaid. Each story is interesting and has held my daughter's interest.

My 8 year old daughter fell in love with this series. The only thing is that she is on a 6th grade reading level, so she read the whole series in less than a week. She does reread them though and loves the fact that she owns them all.

Niece loved it!

My little girl loves these books - read two a day. You can't go wrong if your child loves these type of books...My daughter is just starting 2nd grade btw...

Good

The girls love these books ages 8-10.

My 7 year old loves this series. She is obsessed with mermaids and I'm so happy we found the series to help her make the jump to chapter books. She does read a bit above her grade level (currently in 2nd), so this may be more on level for 3rd grade.

This book was a gift for my 7 year grand daughter. She has read the whole series and loves them.
