Essential guide to trails of the Adirondack Central region

This was an all around fine transaction: as advertised, good price, fast service. My husband gave this to his brother, but had been unable to replace it. He's very happy.

Product was as described.

This book is another excellent one from the series published by the Adirondack Mountain Club. It borders Newcomb to the north and borders Route 8 on the south. It covers the beautiful areas of Indian Lake and Blue Mountain Lake. A must for Adirondack buffs.

If you are hiking the Central Adirondacks, this is the guidebook to have. The ADK guidebooks give you the information you need to determine if the hike is right for you without detailing everything you will see.
