Thesaurus Of Psychological Index Terms

Synopsis

With a variety of concepts and vocabulary used in the psychological literature, search and retrieval of records about specific concepts is virtually impossible without the controlled vocabulary of a thesaurus. This controlled vocabulary provides a way of structuring matter in a way that is consistent among users.

Product Dimensions: 8.8 x 1.5 x 11.2 inches

Shipping Weight: 3.3 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #1,026,041 in Books (See Top 100 in Books) #108 in Books > Reference > Writing, Research & Publishing Guides > Publishing & Books > Bibliographies & Indexes > Art & Photography #205 in Books > Reference > Dictionaries & Thesauruses > Thesauruses #211 in Books > Reference > Writing, Research & Publishing Guides > Publishing & Books > Bibliographies & Indexes > Science

Customer Reviews

It's a book which unlike electronics doesn't really have much chance of breaking or failing. I received it as advertised with no issues. Functions as needed! In retrospect I ended up subscribing to PsychInfo gold which provides it on-line along with the journal article access which is probably the only reason you need this tool anyway. Perhaps it would still be a good cheap companion along with searches on google scholar.
